WHAT WE PAY FOR

We pay for loss of *earnings* when *your* income is interrupted by a covered cause of loss subject to the General Policy Provisions.

HOW MUCH WE PAY FOR LOSS OR CLAIM

We pay for:

1. *Your* loss of *earnings* resulting from the interruption of *business*. This loss is not to exceed the reduction in *earnings* less charges and expenses that do not necessarily continue.

We pay for only the length of time that is required to rebuild, repair or replace the property that has been damaged or destroyed; this length of time may extend beyond the expiration of this policy.

Your loss of *earnings* for up to 14 consecutive days, resulting from the interruption of *business* which occurs as a direct result of damage or destruction of property adjacent to *your premises* by the covered cause of loss. Access to *your* described premises must be specifically prohibited by order of civil authority.

You must do everything reasonable to resume operations with the same quality of service which existed immediately before the loss. *You* must also exercise due diligence and dispatch to complete operations, making use of equipment, stock or other property at *your* or other locations.

Reductions in loss by use of equipment, stock or other property at *your* or other locations will be taken into account when *we* are determining the amount payable to *you*.

2. *Your* loss of *earnings* according to the following formula:
25% of the limit of insurance for dairyman's *earnings* will be available in any 30 consecutive calendar day period.
3. Loss of *earnings* resulting from the destruction of cattle by the covered causes of loss where there is no concurrent destruction of building(s) in which they are housed for up to 30 consecutive calendar days.
4. Expenses that are necessarily incurred for the purpose of reducing the loss; except expenses incurred to extinguish a fire. These expenses shall not exceed the amount by which the loss otherwise payable is reduced.
5. *Your ordinary payroll expense* to the extent necessary to resume operations with the same quality of service which existed immediately preceding the loss.

1. Loss of *earnings* or income from any source other than *earnings* received from the production and sale of raw milk.
